## FOREWORD

The Ohio Milking Shorthorn Breeders and the State of Ohio combined their efforts to offer one of the best Milking Shorthorn sales of all time. It is national in scope from every angle - cattle from Maine to California - top production cattle - 2 time National Champion cow - also her 3/4 sister.

If buyers from across the country, put faith as much effort as the sale management and the consignors have, this will truly be a sale of national importance.

As Schick says - It's your face - love it! Or - It's your business - support it!

## GENERAL INFORMATION

TERMS: All Payments must be made to clerk of the sale and no release of animals will be given until satisfactory settlement has been made.

BIDS: The highest bidder shall be the buyer. In case of dispute, the animal shall again be put up for advance bid and if no advance bid, the animal shall be sold to the person from whom the auctioneer accepted the last bid. By bidding is prohibited.

RISK: Animals are at purchaser's risk as soon as struck off, but will be cared for free of charge a reasonable length of time after the sale.

ERRORS: If errors are noted in the catalog, announcements will be made from the auction stand and such announcements will take precedence over the matter in the catalog.

CERTIFICATES: Certificates of registration and transfer will be recorded by the seller and furnished the purchaser free of charge.

SHIPPING: Assistance will be given in loading and shipping animals but no risk is assumed by the sale management or seller.

WARRANTIES: (1) The consignor guarantees right and title to property. (2) Unless otherwise noted in the catalog or announced from the auction stand, each animal is sold as sound. (3) Each animal is sold as a breeder subject to the following conditions:

A. Males - Should any bull after reaching the age of twelve months, fail to prove a breeder after being used for four months on cows known to be breeders, the matter shall be reported in writing to the consignor who shall be allowed three months to prove the bull a breeder before refunding purchase price or making other settlement satisfactory to the buyer.

B. Females - Any female pregnant when sold or that has freshened within 45 days of date of sale, shall be considered a breeder. Females bred when sold are pregnant to the best of the consignor's knowledge and belief but this does not imply that pregnancy is guaranteed. Should any female, not pregnant when sold, after reaching the age of eighteen months fail to become pregnant within 4 months after being bred to a bull known to be a breeder, and having been treated by a competent veterinarian, the matter shall be reported in writing to the consignor who shall then have the privilege of three months time in which to prove the animal a breeder before refunding the purchase price or making other settlement satisfactory to the buyer. The consignor makes no warranties that pregnant cows will deliver live calves nor that they will carry calves full time.

(4) Above warranties cease when the animal is disposed of by the original purchaser.  
(5) Transportation charges on any animal subject to adjustment shall be paid by the shipper.

TUBERCULOSIS TEST: Each animal has passed a negative test for tuberculosis and enters the sale with an official health certificate approved by the State or Federal Government.

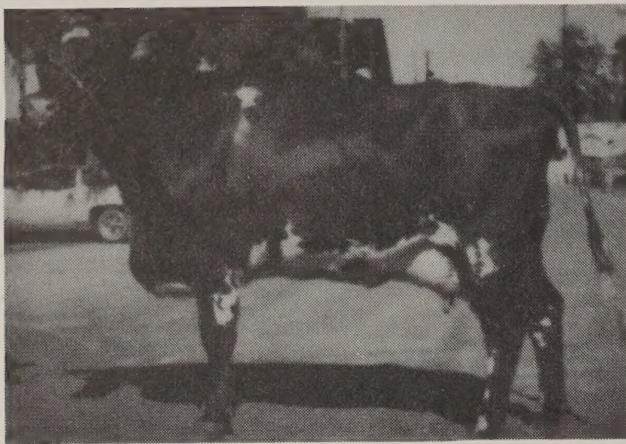

BLOOD TEST: Each animal has passed a negative test for Bang's Abortion Disease within 30 days of the sale, or originates from an Abortion Free Herd.

RESPONSIBILITY: In submitting the entries and in selling the animals listed in this sale, the consignor subscribes to the various regulations and warranties as above set forth and assumes full responsibility for his cattle in no case, however, will the consignor be responsible for any damages beyond the selling price of the animal. The director assumes no responsibility acting only as agent, but will endeavor to protect the interest of both buyer and seller.

ACCIDENTS: Neither the sale director nor the owner will be in any way responsible for the condition of the grounds or the behavior of the animals beyond reasonable care and precaution and disclaim any liability in the event of personal accident or property loss.
